

Ready-to-use assessment tools built by Californians for California's requirements—helping you prepare your students to master...

Toolbox

...The CAHSEE

CAHSEE Prep assessments:
are my students ready and where do they need help?

Meet the challenge with a series of CAHSEE Prep assessments for Math and ELA:

- Developed by California experts to assess mastery of the California Department of Education frameworks
- Distractor rationales to focus your intervention efforts on student weaknesses
- Ready-to-use or customizable to meet your assessment approach

...Algebra

Algebra Readiness:
assessing the “scaffolded”
skills needed to master
Algebra

Make sure your students are ready for algebra with our Algebra Readiness diagnostic assessment:

- Aligned with the CDE's new framework for Algebra Readiness
- Assesses skills across grade levels and strands
- Distractor rationales
- Ready-to-use or customizable

...Writing Skills

Writing Prompts:
Honing writing skills
through practice and
assessment

Develop your students' writing skills with a menu of configurable writing prompt options:

- Writing prompts written across all genres in a format that mirror California's assessments
- 4 point scoring rubrics to ensure accurate, consistent and valid scoring
- Written to the style and rigor guidelines of the CST
- Aligned to individual state standards
